

## ADVANCED MACHINE QUILTING CLASSES

### FEATHERS AND ECHO QUILTING

If you have taken Beth's "Stippling with Style" class, or if you feel fairly comfortable with freehand quilting, join us for the next step! We'll spend the day experimenting with fabulous freehand feather designs and learning to add depth and texture with echo quilting. Since retiring, Beth has spent hours perfecting these skills and is ready to share them with you!

Instructor: Beth Schillig

Fee: \$45.00

Date: Saturday, April 17, 10 am-4 pm

## MAKE IT AND TAKE IT RETURNS!!!

Join us for a fun-filled day where you can get an early start on your holiday gift making for everyone on your list! Throughout the day, we'll be working on several projects—all of which we complete in class! Kits will be available for the projects, so all you need to bring is your machine and some general sewing supplies!

These days are always a blast, and don't listen to the rumors! While we do have a tight schedule to follow in order to get everything done, bathroom breaks are allowed! You can either bring your own lunch, or Jamie will run out and get us something!

Fee: \$15.00 plus kits for the whole day

Dates: Sunday, May 30, 11 am-5 pm or Tuesday, June 15, 10 am-4 pm

## GIRL'S NIGHT OUT

Come join our fun! We will be using the pattern *Floating Square* from the same book we used last quarter, *Piece of Pie*. This is a fast, but gorgeous, quilt. Just grab a layer cake and you're ready to sew! This class makes for a terrific evening of fun, fellowship and LOTS of pizza and laughs! We should come close to completing the entire quilt top in class!

Instructor: Justine

Skill Level: Beginner

Fee: \$25.00

Date: Saturday, May 22, 3-10 pm
